# WHERE PASSION AND TALENT THRIVE

**YOUR LIFE SHOULD BE SURROUNDED BY WHAT YOU LOVE.**

At Garden Solutions we've surrounded ourselves with an exceptional team of people, groundbreaking new genetics, and a small menagerie of furry friends.

Our goal is beautiful and exciting new genetics that set you up for success, so you can spend your time enjoying your garden instead of working on it.

After 7 years of breeding, we are proud to introduce Chick Charms® GIANTS. These dinner-plate size sempervivums we're launching in collaboration with the world-renowned breeder Kevin Vaughn, are an immediate statement piece in any garden, with stunning year-round color and all the hardiness and vigor of a Chick Charm®.

We think life should be enjoyed and time invested should be well spent. All of our trialing, breeding and designing is done with you in mind. So, thank you, for letting us grow with you.

**ABOUT US**

### Plays well with others!

We've hand selected these eight hardy ajugas from thousands of seedlings, with a focus on color, vigor and year round interest!

- Brilliant plumage with cobalt blue flowers.
- Vigorous, Ultra Hardy, Ground cover.
- Shade to part sun, full sun in moist soils.
- Year Round color interest.
- A perfect crossover plant for annuals and perennials!
- Zones 4-8.
